No.NIE/SPH/03/AD/2022/80

Date: 29th September 2022

To

The Secretary (Health)
Department of Health / Family Welfare / Medical Services
All States in India

Sir/Madam,

Sub: Nomination for India FETP-MPH programme at ICMR-NIE, Chennai, for the year 2023-Reg.

ICMR - National Institute of Epidemiology (NIE) is an institute under Indian Council of Medical Research (ICMR), Department of Health Research, Ministry of Health and Family Welfare, Government of India. ICMR School of Public Health at NIE was conducting two programmes of Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST), Thiruvananthapuram, an institute of national importance under Government of India, viz., (1) Master of Applied Epidemiology (MAE) since 2001 to 2010 and (2) Master of Public Health (Health Services Development Research) (MPH-HSDR) since 2008 to 2010.

From July 2011, NIE has been conducting India FETP-MPH (Epidemiology and Health Systems) programme. NIE has already trained 287 public health specialists and another 44 are getting trained. These trainees are from 28 States across our country. Almost all the NIE graduates are practicing public health in India and several of them are holding key positions in public health programmes in different States.

The India FETP-MPH programme being conducted at ICMR-NIE is affiliated to SCTIMST, Thiruvananthapuram, and recognized by Medical Council of India. The focus of the programme is to train the middle level health managers working in State health departments. The course is supported financially by Ministry of Health and Family Welfare, Government of India and the ICMR. As part of ICMR's commitment to strengthen the Indian public health system, this programme is offered with no tuition fee to the Government sponsored candidates. The programme uses the basic learning by doing model with focus on applied epidemiology and health systems. This two-year course comprises of four contact sessions across 12 months at NIE interspersed with three field postings of 12 months duration.
